JORENKU Mineral Lick

When animals are pastured throughout summer without access to supplementary feed, you should make sure that they get adequate minerals and vitamins by setting up a lick bucket.

With a lick bucket from Jorenku, your animals have access to minerals and vitamins throughout the pasture season.

During early spring, it is important to ensure that the animals get extra magnesium, while later in summer, you can use a lick bucket with garlic if your animals are affected by insects.

The animals absorb the garlic oil, which is excreted in so modest amounts that only insects are affected. Neither the milk in dairy cows nor the meat in slaughtered animals will be affected by the very low amount of garlic.

The lick buckets from Jorenku have a much lower molasses content than most other buckets in the market. The low molasses content means that the content does not easily dissolve in the summer heat or when it rains, which secures that the animals will not eat the content faster than needed.

Jorenku offers lick buckets that are particularly suitable for goats and sheep as well as lick buckets that can be used for organic animals.

All 5 types of mineral lick buckets are available as 25 kg buckets and 60 kg buckets.

JORENKU Summer Garlic

Summer Garlic

Mineral and vitamin supplement with garlic

- High content of selenium
- Insect-repellent effect
- High content of magnesium
- Less than 20 % molasses
- Can be used by organic farms
- Can be used for sheep

Composition	
Crude ash	74.1 %
Calcium	92 g
Phosphorus	40 g
Magnesium	110 g
Sodium	60 g
Manganese	2,000 mg/kg
Zinc	3,000 mg/kg
Cobalt	40 mg/kg
Iodine	200 mg/kg
Selenium	50 mg/kg
Molasses	15 %
Vitamin A	200,000 iu/kg
Vitamin D ₃	40,000 iu/kg
Vitamin E (alpha tocoherol acetate)	500 mg/kg
Garlic	3 %

Product	Mineral Lick Summer Garlic
Product type	Mineral lick bucket
Packaging	25 kg bucket 60 kg bucket
Feed type	Free access lick
Intake per animal per day	Sheep: 20-50 g Cattle: 100-200 g

JORENKU Pre-Lamber

Pre-Lamber

- High energy supplement for sheep before lambing
- High vitamin and mineral content
- 25 mg selenium per kg
- Can be used all year round
- Less than 20 % molasses

Composition	
Crude ash	74.1 %
Calcium	100 g
Phosphorus	53 g
Magnesium	123 g
Sodium	60 g
Manganese	1,000 mg/kg
Zinc	1,500 mg/kg
Cobalt	20 mg/kg
Iodine	100 mg/kg
Selenium	25 mg/kg
Molasses	19.0 %
Vitamin A	100,000 iu/kg
Vitamin D ₃	20,000 iu/kg
Vitamin E (alpha tocoherol acetate)	250 mg/kg
Vitamin B ₁₂	1,000 mcg/kg

Product	Mineral Lick Pre-Lamber
Product type	Mineral lick bucket
Packaging	25 kg bucket 60 kg bucket
Feed type	Free access lick
Intake per animal per day	Sheep: 20-50 g

JORENKU High Magnesium

High Magnesium

Mineral and vitamin supplement with a high content of magnesium

- Used in early spring, summer and autumn
- During winter, the bucket can be used with beneficial effect indoors
- Less than 20 % molasses
- Can be used for sheep

Composition	
Crude ash	77.5 %
Calcium	79.5 g
Phosphorus	20 g
Magnesium	150 g
Sodium	72 g
Manganese	2,000 mg/kg
Zinc	3,000 mg/kg
Cobalt	40 mg/kg
Iodine	200 mg/kg
Selenium	40 mg/kg
Molasses	15 %
Vitamin A	200,000 iu/kg
Vitamin D ₃	40,000 iu/kg
Vitamin E (alpha tocoherol acetate)	500 mg/kg
Vitamin B ₁₂	2,000 mcg/kg

Product	Mineral Lick High Magnesium
Product type	Mineral lick bucket
Packaging	25 kg bucket 60 kg bucket
Feed type	Free access lick
Intake per animal per day	Sheep: 20-50 g Cattle: 100-200 g

JORENKU Pre-Calver

Pre-Calver

For late-gestation heifers and dry cows

- Mineral supplement
- High content of calcium
- Can be used all year round
- Less than 20 % molasses

Composition	
Crude ash	76.3 %
Calcium	91.8 g
Phosphorus	40 g
Magnesium	110 g
Sodium	60 g
Manganese	2,500 mg/kg
Zinc	3,750 mg/kg
Cobalt	50 mg/kg
Iodine	250 mg/kg
Selenium	50 mg/kg
Copper	1,800 mg/kg
Molasses	16 %
Vitamin A	250,000 iu/kg
Vitamin D ₃	20,000 iu/kg
Vitamin E (alpha tocoherol acetate)	625 mg/kg
Vitamin B ₁₂	2,000 mcg/kg

Product	Mineral Lick Pre-Calver
Product type	Mineral lick bucket
Packaging	25 kg bucket 60 kg bucket
Feed type	Free access lick
Intake per animal per day	Cattle: 100-150 g

JORENKU Summer Dry Green

Summer Dry Green Mineral and vitamin supplement

- Can be used by organic farms
- High content of magnesium
- Extra copper
- Extra selenium
- Less than 20 % molasses

Composition	
Crude ash	75.5 %
Calcium	93.3 g
Phosphorus	40 g
Magnesium	110 g
Sodium	60 g
Manganese	2,500 mg/kg
Zinc	3,750 mg/kg
Cobalt	50 mg/kg
Iodine	250 mg/kg
Selenium	50 mg/kg
Copper	1,800 mg/kg
Molasses	15 %
Vitamin A	250,000 iu/kg
Vitamin D ₃	50,000 iu/kg
Vitamin E (alpha tocoherol acetate)	625 mg/kg

Product	Mineral Lick Summer Dry Green
Product type	Mineral lick bucket
Packaging	25 kg bucket 60 kg bucket
Feed type	Free access lick
Intake per animal per day	Cattle: 100-150 g
