

SAFETY DATA SHEET

POINT 1: Identification of material/compounds and of the company/factory

1.1. Product identifier:

Staldren[®] Salve / Staldren[®] Ointment.

1.2. Relevant identifying use of the material or compound and the usage that is contraindicated:

Skincare product for domestic animals.

1.3. Detailed information about the supplier for the safety data sheet:

Jorenku A/S
Teglvaerksvej 11
4733 Tappernoeye
Denmark
Tel.: +45 56214070

Responsible for safety data sheet (e-mail): jorenku@jorenku.dk

1.4. Emergency phone:

Contact the poison centre in your own country.

POINT 2: Identification of danger

2.1. Classification of the material or compound:

2.1.2. Classification according to Directive 1999/45/EC

Not applicable see point 15.

2.2. Label elements:

Not applicable see point 15.

Safety data sheet is available from manufacturer and supplier.

2.3. Other dangers:

None.

POINT 3: Compensation of/information about contents

3.1. Compounds:

Classification according to CLP Regulation (EC) No 1272/200.

Name	EG-no	CAS-no	Wt %	Hazard statements
Iron sulphate	231-753-5	7720-78-7	< 2.00	Acute Tox. 4 H302 Skin Irrit. 2 H315 Eye Irrit. 2 H319
Iron oxide *	215-168-2	1309-37-1	< 1.25	Aquatic Chronic 2 H411
Copper sulphate	231-847-6	7758-98-7	<0.80	Acute Tox 4 H302 Eye irritant H315
Propylene glycol	200-338-0	57-55-6	<30.00	

* Official Classification of Iron Oxide missing. Classification retrieved from the Swedish database "Chemical substances".

POINT 4: First aid measures

4.1. Description of first aid measures:

Inhalation	N/A
Ingestion	Rinse mouth and drink a couple of glasses of water.
Skin contact	Wash skin with water.
Eye contact	Wash with water or physiological saline solution for several minutes. Remove contact lenses. Hold eyelids open. If irritation persists: Seek medical attention.

4.2. Most important symptoms and effects, both acute and delayed:

Oral	May cause nausea, vomiting and constipation.
Eye contact	May cause redness and irritation.

4.3. Indication of whether emergency medical attention and special treatment are needed:

Not applicable.

POINT 5: Fire suppression

5.1. Suppression methods:

Not combustible.

5.2. Special dangers in connection with the material or compound:

Not applicable.

5.3. Indication for a fire department:

Not applicable.

POINT 6: Accidental release measures

6.1. Personal precautions, personal protective equipment, and emergency procedures:

Use personal protective equipment according to section 8.

6.2. Environmental protection indications:

Avoid spills and / or discharges into the wastewater system.

6.3. Methods and equipment for containment and cleaning:

Dispose of waste and residues are taken up and placed in suitable containers with inscription of content. Wash with water.

6.4. References to other points:

See Section 8 for personal safety equipment and section 13 for waste disposal.

POINT 7: Handling and storage

7.1. Measures for safe handling:

See point 8.

7.2. Conditions for safe storage, including any incompatibility:

Store at room temperature.

7.3. Special usage:

Not relevant.

PUNKT 8: Exposure control/personal protective equipment

8.1. Control parameter:

See national legislation.

8.2 Exposure controls 8.2. Exposure control:

8.2.1 Appropriate engineering controls:

-

8.2.2 Personal protection equipment:

Not necessary.

POINT 9: Physical and chemical characteristics

9.1. Information about basic physical and chemical characteristics:

Form	Ointment
Colour	Pinkish
Odour	Slightly acidic
Density	No information
Boiling point	No information
Flash point	No information
pH	4.2
Ignition point	No information
Vapour pressure	No information
Solubility	Not soluble

9.2. Other information:

None.

POINT 10: Stability and reactivity

10.1. Reactivity:

No information.

10.2. Chemical stability:

Stable.

10.3. Risk of dangerous reactions:

No information.

10.4. Conditions that should be avoided:

No information.

10.5. Materials that should be avoided:

Not applicable.

10.6. Dangerous decomposition products:

Not applicable.

POINT 11: Toxicological information

11.1. Information about hazard classes

11.1.1 Acute toxicity

Ingestion LD₅₀ Rats > 10.000 mg / kg body weight.
Skin contact No adverse reaction.
Inhalation Not applicable.
Eye contact Is classified as mildly irritating to the eye.

POINT 12: Environmental information

12.1. Toxicity:

Name	Result	Species	Exposure
Iron sulphate	LC ₅₀ Fish 96h: 1,1-4,8 mg/l	Salvelinus fontinalis	96 hours
	EC ₅₀ Daphnia < 140 mg/l	Daphnia	48 hours

12.2. Persistence and degradability:

-

12.3. Bioaccumulative potential:

-

12.4. Mobility in soil:

No additional information.

12.5. Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

12.6. Other adverse effects:

No additional information.

POINT 13: Removal

13.1. Methods for waste handling:

Not classified as hazardous waste.

POINT 14: Transport information

14.1. UN-number or ID-number: None.

14.2. UN-shipment designation (UN proper shipping name): None.

14.3. Transport danger class(es): None.

14.4. Packaging group: None.

14.5. Environmental dangers: None.

14.6. Special regulations for the user: None.

14.7. Bulk transport by sea according to IMO instruments: Not relevant.

POINT 15: Information about regulations

15.1. Special determinations/special rules for the material or compound with respect to safety, health and environment: Classification according to Directive (EC) No 1999/45.

15.2. Chemical safety evaluation:

Chemical Safety Assessment has not been conducted.

POINT 16: Other information

Relevant R-phrases and/or H-statements:

H302: Harmful if swallowed.

H315: Causes skin irritation.

H318: Causes serious eye damage.

H400: Very toxic to aquatic life.

H410: Very toxic to aquatic life with long lasting effects.

H411: Toxic to aquatic life with long lasting effects.

Changes since previous version:

Not relevant - first edition.
