

SAFETY DATA SHEET

Molasses is substance occurring in nature and therefore according to annex V of the regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) exempted from registration (Art. No.7b.) and a material safety data sheet is not required. The regulation prescribes material safety data sheets to be issued for any substance that is to be classified as hazardous, persistent, bioaccumulative or toxic (article 31).

Although a safety data sheet will not be issued there is some information we would like to inform about:

Handling and storage	
Usage precautions	Avoid contact with eyes. If stored at temperatures above 45° C for a longer time, the product may decompose and develop, for example, carbon dioxide (CO ²). If stored in closed container, the container may explode.
Ecological information	
Ecotoxicity	No negative influence on environment is expected.
Persistence and degradability	The product is highly soluble in water and easy biodegradable.
Accidental release measures	
Environmental protection	Avoid runoff or release to sewer, waterway or ground. Big outlets may lead to overload of wastewater plants and cause oxygen depletion in streams.
Methods for cleaning up spills	Spilled product is collected with absorbent material. Collected material is treated like waste. Small quantities could be flushed to drains with plenty of water. Inform authorities if large amounts are involved.
Disposal considerations	
Disposal methods	Not considered as dangerous waste. Dispose in accordance with local legislation.

This information is presented in good faith for consideration, investigation and verification. Whilst care has been taken to ensure accuracy, legal liability is excluded to the extent permitted by current legislation. This document is updated without advance notice.

Detailed information about the supplier for the safety data sheet:

Jorenku A/S
Teglvaerksvej 11
4733 Tappernoeye
Denmark
Tel.: +45 56214070
Responsible for safety data sheet (e-mail): jorenku@jorenku.dk
